---

This tool slits outer polyethylene jacket and armor in one operation and can perform longitudinal slitting and circumferential(ringing) for end stripper. The blade rotates 9°by activating blade lever, allowing easy mid-span preparation (ringing and slitting).

## Features

1. Versatile design allows jacket or shield slitting on non-fiber optic configurations as well
2. Tool slits outer polyethylene jacket and armor in one operation.
3. Performs longitudinal slitting and circumferential (ringing) for end stripping
4. Blade rotates 90 degrees by activating blade lever, allowing easy mid-span preparation (ringing and slitting)
5. Adjustable from 0.315(8 mm) to 1.125(28.6 mm) cable O.D.
6. Adjustable blade depths to accommodate different cable coverings
7. Roller style cable follower provides cable stability and allows for easier tool movement along the cable
8. Rugged anodized aluminum and steel construction
