Fiber Terminal Box- 1 core-02

Description

It is used as a termination point for the drop cable to connect with patch cable in FTTH indoor application. It integrates termination, storage and cable connection in one solid protection box.

Features

1. The body is made of high quality engineering plastic with good strength;

2.With double-page design, the box can be installed and maintained easily, the fusion and termination are completely separated ;

3.The bottom is provided with knock-out holes, which can accommodate up to two core optical fibers

Specification

Capacity	1 core	Color	White
Dimension(L*W*D,MM)	115*86*23	Material	PC+ABS, ABS,PC
